Weekly Summary

We had a few main goals for this week. One of our goals was to schedule a weekly meeting for the group that fit in all members' schedules as well as to find potential meeting times to propose to adviser for regular adviser meeting. We worked to overcome scheduling difficulties and found both a group meeting time and an adviser meeting time that fit schedules. The morning meeting time of Wednesday 8am has not yet been confirmed. Additionally, team obligations were discussed and assigned to each member.
